CHIEF GUEST'S MESSAGE

Shri Ramahari Jena

Artist & Printmaker

It is a matter of great pleasure that the Artists Association of Odisha -AAO will showcase the creative canvases of its artist members of different generations. It will work as a connecting bridge between energetic young artists and mature professionals to carry forward the legacy of Odisha's art and culture. This year AAO is starting a dialogue series titled as AAO-Talks. Under this category, the event will be on *Tini-Pidhira-Katha* (the narration about three generations). There will be a speaker to share his experiences and views on three generations of Odishan art practice with different perspectives. It is an excellent attempt to transfer the knowledge of art historical importance to the next generation of art practitioners and researchers.

I wish the illustrative event a great success.

Ramahari Jena

PRESIDENT'S MESSAGE

Shri Janapriya Debata

President-AAO

A group shows series named Shradhhanjali started after the untimely departure of the founder Chairman, Byomakesh Mohanty, in 2010. Since 2011 this movement has continued till 2019. In this period, some artists from south Asian countries participated in the Shradhhanjali group show and sold their artworks successfully. This time the team of artists showcased their creations at Buddha Art Gallery, Bhubaneswar, a lovely location and greenery for art lovers to visit and well maintained by the Odisha Lalit Kala Akademi, which is a matter of great pleasure. Odisha Lalit Kala Akademi is one of the premier and important institutions in the Akademi network in India. I am very much thankful to the honourable President of OLKA for facilitating the gallery space in favour of AAO to conduct the AAO-SHOW-2023 free of cost. I am also obliged to Sj. Ramahari Jena, a painter, and printmaker of international repute, for accepting our invitation to join the AAO TALK Tini-Pidhira-Katha, a dialogue series, as a speaker. I congratulate all our participating artists, the designer team, members of media management, and event coordinators for their enthusiasm and efforts in making this event a grand success. Let's join AAO-SHOW-2023 and enjoy each artist's exciting thought process.

SECRETARY'S MESSAGE

Shri Samarendra Dash

Secretary-AAO

AAO celebrated its silver jubilee year in 2017 and was awarded to many leaders of the Odishan art field for their contributions to the artist fraternity of the state. These memorial awards are dedicated to Odishan great master artists as a token of gratitude. The new art event series named Chitranjali started in 2019 with a dual event of an artist camp and an art film festival held at the amphitheater at Ekamra Urban Haat in Bhubaneswar.

AAO is the oldest and most active non-government organization dedicated to promoting artists in visual art in Odisha state. A common mission behind organizing this AAO-SHOW-2023 is to encourage the promising artists of the state fascinatingly by sharing ideas with senior artists too. I salute the participating artists for their enthusiasm as art warriors of the state. They took the oath of spreading positivity in society, which will remove the patches of dark clouds from the sky of hope to regain its blue mood.
